That's why I'm in Georgia right now, as Fair Fight Action's counsel, standing up for the voting rights of 120,561 voters who might be purged from the voter rolls solely based on voter inactivity. This is alarming, especially ahead of the 2020 presidential election.

Your contribution today will help us protect the voting rights of Americans in 2020.

We've partnered with Fair Fight Action on the legal challenge to the planned voter purge and are responding to this disastrous plan by Georgia's Secretary of State. The court must step in to prevent this reckless purge from removing hundreds of thousands of Georgians from the rolls. At a time when we should be working to increase the participation of all communities, Georgia seems to be moving backward.

Unfortunately, what's happening in Georgia is not new. We've seen many voter purges happen across the country this year and expect many more to arise ahead of the 2020 election. **That's why we need your support today.**
